

When you book a Distinctive Voyages sailing, in addition to a **Distinctive Voyages Host** and a **Private Welcome Reception**, we also arrange an **Exclusive Shore Event**. Guided by local experts, the Exclusive Shore Events are specially chosen excursions that reveal the true nature of the people and places you will visit, helping you connect to the local cultures of your destinations in a personal and memorable way.

Some cruise lines may offer excursions to the general public that are similar, but Distinctive Voyages adds experiences to make them extra special to you. Plus, these groups tend to be much smaller, for a more enjoyable affair.

Below are just a few highlighted Shore Excursions available to you for free from our agency.
